

# Co Gov GAME

Co-Creating Sustainable Solutions

## ACQUISITION OF PHYSICAL GAMES

As part of CoGov's research dissemination, we offer the game in physical versions. The CoGov Game is produced in sturdy materials and can be played over and over again. The CoGov game can be acquired by public and private organizations.

## FACILITATION AND SUPPORT

A research network between European universities designed the CoGovGame. The rules are simple and the game can be played without any preparation. The game facilitates itself and enables deep dialogues, reflections and learning in an easy accessible way. If you want an introduction, support will be given in English. Facilitation of a large-scale workshop, it is possible with facilitators from your nation.

Prices vary according to purpose.  
Please contact [hp@participation.dk](mailto:hp@participation.dk) for support.

## VERSIONING TO OTHER LANGUAGES

Production of a physical or print and play version of the game in your domestic language can be arranged. Cases and questions can in this case be adapted to local conditions to some extent.

Please contact [hp@participation.dk](mailto:hp@participation.dk) for a quote.

## NEW CASES

If you need to work with a special professional field, we are ready to make a version of the game's case tailored to your needs. A case will typically have new text, new dilemmas and new illustrations, which reflect the themes that your organization works with.

A case draws typically on the project's research-based knowledge.

Prices vary according to your specific case.
